

DAVID ALLEN

The cast of "The Learned Ladies" of Park Avenue.

A holiday confection in couplets

THEATREWORKS' 'LEARNED LADIES OF PARK AVENUE' SKEWERS SHALLOW SOCIETY AND SPARKLES WITH WIT

By Jeanie Forte

If you fear Moliere plays because of language, fear not; remedy is here in a bright new adaptation of "Learned Ladies," by award-winning playwright David Grimm, currently playing at the Lucie Stern Theatre.

"Les Femmes Savantes" was Moliere's

next-to-last play, a successful offering at the height of his popularity. His sudden death while performing in his next play ended a brilliant talent, but his scripts went on to greater posterity than even he perhaps imagined possible. Still, "Learned Ladies" has languished in today's theater canon, in part because of its dated storyline and in part because of its verse form.

All of Moliere's plays present a challenge for a modern audience that is unused to hearing rhymed couplets, and older translations sound positively creaky. But lately there have been a number of new translations of his work, more rightfully called adaptations because of the extent to which they update and modernize the plot through clever language — a ploy of which Moliere himself would surely have approved.

Grimm's new adaptation of "Learned Ladies" is no exception. At first, the rhyming is a bit of a shock, and requires some mental adjustment; but soon the audience is anticipating or eagerly trying to guess the next rhyme, and laughs gleefully when it is a smart surprise. The versification actually propels the action, drawing us forward and moving inexorably rhyme by rhyme.

His adaptation also tackles the storyline, by updating it to the American Jazz Age and aligning it with contemporary themes. The basic plot remains the same: Wealthy parents have two daughters, the youngest of whom loves and wants to marry Dicky, a poor but hard-

The Sippy Cups are known for their stunts and hilarity.

I wanna be elated

PARENTS AND CHILDREN ALIKE CAN ROCK OUT TO THE SIPPY CUPS

By Shawnee Shahroody Spitler

Recently my husband and I took our 10-month-old to see the Sippy Cups at the Cubberly Center in Palo Alto, where we entered a new club — the "Yes we are old and are taking our child to a concert aimed at kids" club.

With the Sippy Cups, that's a fine club to be in. This band injects original, child-friendly lyrics into cult rock favorites while engaging in circus-like routines — colorful and crazy costumes, comic stunts, puppets, enormous colored balloons, the works. The overall effect might be described as organized child-oriented psychedelic pandemonium — which means something for everybody.

The show we saw was part of the Sippy Cups' fall tour, "Electric Storyland," promoting their new album of the same name. The tour, which took them all around the Bay Area (and to the House of Blues in L.A.), wraps up Dec. 17 in downtown Mountain View, at the Mountain View Center for Performing Arts.

At the Cubberly, I found myself admiring the rainbow-colored giraffe print spandex pants on the lead singer. My son loved the light

► See **SIPPY CUPS**, page 34

SIPPY CUPS

► Continued from page 33

show, the ribbons, and the general circus environment.

The band also interacts with audience members by encouraging repeat-after-me singing and inviting kids onstage, often to volunteer in skits. (Don't worry if your child makes it to the stage then strays toward the fun props, forgetting what he or she was doing up there in the first place. Parents freely rounded up their ambling kids throughout the show.)

The favorite interactive activity was probably the huge balloons, which bounced around the audience in the darkened concert hall. Every child from 10 months on up wanted to touch those balloons.

It was clear that the performers were having the most fun. I could imagine these middle-aged musicians as parents at home trying out their song-and-dance routines on their own kids. Their inner-child exuberance seemed to inspire creativity and abandonment not only in the children in the audience, but also in the adults. Several times the Sippy Cups brought smiles to our faces, as when they sang the Ramones

The Sippy Cups play at the Cowell Theatre at Fort Mason Center in San Francisco.

hit "I Wanna Be Sedated," but substituted the edgy lyrics with their G-rated version, "I Wanna Be Elated." In fact, we found ourselves singing along.

Besides the Ramones, parents and kids can rock along to altered versions of songs by the Beatles, the Velvet Underground, early Pink Floyd, David

Bowie and the Who.

In the end, the whole event lasted about an hour — just long enough for the children's attention spans, and our coffee buzz, to wear off.

Rock 'n' roll, happy kids, crazy visuals, juggling, puppets ... how can you not be entertained? But make no mistake, this is a rock

performance, so it will be loud. There is no soft-spoken, lazy-Sunday folk strumming. In fact, some parents have been known to complain about the volume (another sign they're getting old).

For any parent in the throws of child-rearing, I recommend the Sippy Cup experience. Maybe you need a new way to enter-

■ INFORMATION

All loans subject to credit qualifications.

THEATREWORKS

► Continued from page 33

working and honorable young man. But Mother has another groom in mind for Betty — a gold-digging, pretentious and phony poet who is all too eager to marry into riches. Stir in a milquetoast father, an egocentric aunt, a jealous sister, a revolutionary cook, and other assorted characters, and you have a recipe for comic confection.

There are some questionable politics along the way, and one isn't quite sure that Moliere (and Grimm) haven't set feminism back several decades; but the outcome is predictably joyful in the name of true love, so one forgives the dubious debates.

Director Robert Kelley has done it up in a bright, sparkling style, very broad and cartoon-like, which befits the commedia origins of Moliere's work. For my taste, he could have gone even further, especially with the character of Upton Gabbit, the flamboyant and oily poet. There are a few times when the action feels forced rather than flashy, when there's too much shouting and not enough farce. But overall, the production is an enjoyable holiday gambol, with some terrific performances and a happy effect.

Darren Bridgett and Kristin Stokes are delightful as the young lovers, Dicky and Betty, with requisite good looks and wide-eyed expressions. Julia Motyka plays Betty's older sister, Ramona, with silky smooth arrogance and svelte grace.

Maureen McVerry and Jackson Davis, two Theatre-

DAVID ALLEN

Warren David Keith, Nancy Sauder, Phoebe Moyer, and Maureen McVerry in "The Learned Ladies of Park Avenue."

THEATREWORKS

► Continued from page 35

Works regulars, play Aunt Sylvia and Uncle Rupert to the hilt, two classy characters who are terrific fun to watch. Phoebe Moyer is a treat as the deluded upper-crust mother, sashaying her way as she cuts through other peoples' lives with judgments and edicts. She's matched by Warren David Keith playing her husband, Henry, who goes from mouse to man, finally asserting his fatherly rights on Betty's behalf.

Nancy Sauder is a rather elegant cook, and Brian Herndon a little understated as Grabbit; but both have charming moments. Colin Thompson serves well in two cameo roles.

Two marvelous "characters" in the production are the exquisite sets by Joe Ragey and the fabulous, stunning costumes by Fumiko Bielefeldt. Cliff Caruthers captures the Jazz Age in wonderful sound bites between scenes, and livens up an entertaining curtain call. By that point, both the actors and the audience are smiling ear to ear. ▀

ARTS BRIEFS

WESTERN BALLET'S NUTCRACKER RETURNS

This winter the Western Ballet will once again grace the Mountain View Center for Performing Arts with a version of the beloved Christmas ballet, "The Nutcracker."

Choreography will be composed by the recently appointed acting artistic director, Gonzalo Espinoza, and his style, according to the Western Ballet company and school, will give the old favorite a "distinctive new look."

"The Western Ballet's Nutcracker has been a Bay Area tradition since 1990 and we are very excited to unveil this new production to our audience," said Bernadette Connolly, president of Western Ballet's board of directors, in a press release.

The ballet will have several guest artists perform in critical roles, such as Katherine Wells, a professional dancer and former student of the Western Ballet, who will play the role of the Sugar Plum Fairy.

The performance will be at the Mountain View Center for the Performing Arts on Friday, Dec. 8 at 7 p.m.; Saturday, Dec.

9 at 1 p.m. and 6 p.m.; and Sunday, Dec. 10 at 1 p.m. and 6 p.m. Tickets are \$23 for adults and \$18 for seniors and children under the age of 12, and are available at the box office at www.mvcp.com, or by calling (650) 903-5000.

ECYS PRESENTS HOLIDAY CONCERT

Music rings true this season as the El Camino Youth Symphony (ECYS) brings cheer to Peninsulas ears during the group's annual Holiday Concert.

The concert hosts several solo acts to be performed by the ECYS' Concerto Competition winners Timothy Yu, violinist; Stephanie Tsai, cellist; Lily Tsai, pianist; and Saranya Sethuraman, trombonist. The music repertoire for the concert features festive holiday pieces and a special performance by the ECYS percussion ensemble.

The concert is Sunday, Dec. 17 at 2:30 p.m. at Spangenberg Theatre at Gunn High School, 780 Arastradero Road, Palo Alto. Tickets are \$5 to \$10 at the door.

WINTER LODGE

3009 Middlefield Road
Palo Alto
493-4566, ext. 102
www.winterlodge.com

Winter Lodge offers ice-skating classes for all ages and abilities. Group class meets once a week. Rental skates and practice time included. Call or visit the website for more information.

Language

GERMAN LANGUAGE CLASS

50 Embarcadero Road
Palo Alto
329-3752
adultschool@pausd.palo-alto.ca.us
Willkommen! (Welcome!) Learn to speak, read, and write German, with an emphasis on conversation. Basic grammar and Germanic culture are covered. The instructor, a college-credentialed teacher with a master's degree, studied in Germany with the Stanford-in-Germany program. Call or e-mail for more information.

JAPAN SOCIETY OF NORTHERN CALIFORNIA

Palo Alto
415-986-4383
www.usajapan.org
Learn Japanese language with the Japan Society of Northern California (a local non-profit). Evening classes are designed to work around busy schedules. Classes consist of between 5-12 students, meet once a week for two hours, are generally between 6-8 p.m. on weeknights and run for 12 weeks. Class locations are in Palo Alto, San Francisco and San Jose.

LANGUAGE STUDIES INSTITUTE

350 Cambridge Ave., Ste. 100
Palo Alto
321-1867
www.languagego.com
languagefocus@aol.com

Language Studies Institute offers ongoing private instruction and small group classes at all levels in Arabic, English, French, German, Hindi, Italian, Japanese, Korean, Mandarin, Portuguese, Russian and Spanish. All languages are taught by qualified, native instructors. Winter group session: Jan. 8-March 15. Open House: Saturday, Dec. 16, 1-4 p.m. (which is also the last day of discount registration).

Mind & Spirit

YOGA AT UNITY CHURCH

3391 Middlefield Road
Palo Alto
857-0919
andreaclenox@comcast.net
Inner peace. In the modern world peace is elusive, even if captured it is impermanent. True peace is in the heart, always. Discover the path there using modern and ancient yogic meditation and concentration techniques, powerful and therapeutic in their transformation and healing. Andrea Lenox teaches in the honor of Sw. Satyananda and Sw. Niranjananda Saraswati.

Miscellaneous

ELITE MUSKETEER FENCER'S CLUB

160B Constitution Drive
Menlo Park
353-0717
www.emfc.net
Also called "physical chess," fencing is considered one of the best activities for both mind and body. It is accessible for all ages. As a fitness boost, the fast, intense pace of fencing provides an excellent aerobic workout. Fencing instills more self-confidence, strengthens one's identity, and teaches one to learn and identify their own strengths and weaknesses.

Music & Art

ART WITH EMILY

402 El Verano Ave.
Palo Alto
856-9571
www.artwithemily.com
info@ArtWithEmily.com
Emily Young teaches mixed-media, multicultural art lessons for children at her fully equipped studio in Palo Alto. Individual lessons or small group classes available.

Hours: Kinderplay, 9 a.m.-noon, Tuesdays and Thursdays; KinderSocial, 9 a.m.-noon, Mondays, Wednesdays and Fridays; KinderPrep, 12:30-3:30 p.m., Mondays, Tuesdays, Wednesdays and Thursdays.

CHALLENGER SCHOOL

3880 Middlefield Road
Palo Alto
213-8245

www.challengerschool.com

Since 1963, Challenger School has been the choice of parents who know the value of education. Learning patterns are set early in life, and will be major factors in a child's future success. Children who learn how to learn grow to love thinking and achieving on their own. This independence prepares them to succeed at living happily. Challenger has 13 Bay Area locations including Palo Alto, Saratoga and Sunnyvale.

CHILDREN'S PRE-SCHOOL CENTER (CPSC)

4000 Middlefield Road
Palo Alto
493-5770

www.cpsc.org

arajput@cpsccares.org

"Open arms, Open hearts, Opening minds together." Every day at CPSC holds new adventures for your children from the youngest infant to the oldest preschooler. Your child will experience the joy of finger painting, the thrill of dancing, the pleasure of building towers, and the satisfaction of mastering pre-literacy and pre-math skills with the support and guidance of a dedicated, loving, multicultural teaching staff.

GERMAN INTERNATIONAL SCHOOL OF SILICON VALLEY

310 Easy St.
Mountain View
254-0748

www.gissv.org

Full German and English immersion for students from age 2 through grade 12. Fully accredited by the German government, GISSV's small classroom sizes and unique multicultural learning environment help students achieve their full potential. Saturday language courses are also available for children and adults. Call

or stop by today for more information about the upcoming Open Houses or campus tours.

500 Help Wanted

Outstanding Opportunity in Sales!
The Palo Alto Weekly, an award-winning community newspaper, is looking for energetic, driven, sales representatives to be part of a creative advertising and marketing staff.
The ideal candidates will have prior sales experience and a track record of excellence in meeting sales goals. The people we're looking for will be self-starters, highly motivated and be able to work as a team and independently.
Those perfect for this job will have an intimate knowledge of media sales environments and will be expected to get on a first-name basis with local advertisers and key community players. But more important, they will need to possess the hunger and desire to succeed. Experience in online advertising sales preferred.
If you have a proven track record in surpassing sales goals, in a highly competitive environment, and are looking to make a name for yourself in the industry, we'd like to talk with you. We offer an excellent compensation package, including a base salary, commission, incentives, medical and dental insurance, paid vacations and 401(k).
Qualified candidates, please email your resume to vingraham@pawekly.com

500 Help Wanted

Dynamic Sales Leader Needed
Embarcadero Publishing Company has an immediate opening for an Inside Sales Manager.
We're seeking a high-performance Sales Manager for our three Peninsula community newspapers (Palo Alto Weekly, Menlo Almanac and Mountain View Voice). This position will be responsible for leading our inside sales staff in selling advertising solutions to our local business community.
This position requires 3-5 years of Management and Sales experience. Applicants should have a proven track record as a leader and motivator, be creative and have strong communication skill sets. If you like a fast-paced, competitive environment, and are goal-oriented, we'd like to talk to you.
We offer a competitive compensation package, including a base salary, commission, incentives, medical and dental insurance, paid vacation and sick leave, and a 401(K) program.
Please e-mail your resume to vingraham@pawekly.com We are an equal opportunity employer.

EL CAMINO HOSPITAL DISTRICT
Management Discussion and Analysis
For the Year Ended June 30, 2006 and 2005

The District is comprised of five (5) entities: El Camino Hospital (the "Hospital"), El Camino Hospital Foundation (the "Foundation"), CONCERN: Employee Assistance Program ("CONCERN"), and most recently the El Camino Surgery Center ("ECSC"). The ECSC was 100% acquired by the Hospital on September 17, 2005 for \$5.2 million. The ECSC up to this time had been 50% owned by the Hospital and was accounted for by the equity method of accounting and was in prior fiscal years reflected in the "Other Assets" section of the District's Balance Sheet.

Overview of the Financial Statements

This annual report consists of financial statements and notes to those statements. These statements are organized to present the District as a financial whole, an entire operating entity. These statements then proceed to provide an increasingly detailed look at specific financial activities.

The balance sheets, the statements of revenues, expenses, and changes in net assets, and statements of cash flows provide an indication of the District's financial health. The balance sheets include all the District's assets and liabilities, using the accrual basis of accounting. The statements of revenues, expenses, and changes in net assets report all of the revenues and expenses during the time periods indicated. The statements of cash flows report the cash provided by the operating activities, as well as other cash sources such as investment income and cash payments for capital additions and improvements.

Financial Highlights

Year ended June 30, 2006

- Total assets increased \$50.8 million over fiscal year 2005. Total cash and investments decreased by \$12.7 million as a result of operating cash flows, net investment income, and property taxes offset by unrealized losses and significant capital expenditures during fiscal year 2006.
- Current liabilities increased by \$6.8 million over the prior fiscal year 2005. Primarily this increase was due to recording various construction in progress general contractor retentions payable and in the actuarially determined workers compensation liability and hospital professional liability.
- The increase in net assets for 2006 was \$44.0 million over fiscal year 2005. Net operating income contributed \$29.5 million of this increase, with non-operating incomes, net of unrealized losses on investments, and including property tax revenues contributed \$14.2 million.

Year ended June 30, 2005

- Total assets increased \$43.5 million over fiscal year 2004. Total cash and investments on hand increased \$15.6 million as a result of operating cash flows and a reduction in net unrealized holding losses on investments offset by capital expenditures. Net accounts receivable increased by \$8.0 million. Net days revenue in accounts receivable were 54 days at June 30, 2005.
- Current liabilities decreased by \$13.2 million over fiscal year 2004 mainly due to a decrease in the third party settlement account, which was offset by an increase in the actuarially determined workers' compensation liabilities included in salaries and wages payable and related liabilities.
- The increase in net assets for 2005 was approximately \$50.8 million over 2004.

Summary of Assets, Liabilities, and Net Assets

As of June 30, 2006, 2005 and 2004

(In Thousands)

	2006	2005	2004
Assets:			
Current Assets	\$126,524	\$106,033	\$87,088

Total Available Cash & Investments	\$252,797	\$265,481	\$249,851

EL CAMINO HOSPITAL DISTRICT

Management Discussion and Analysis

For the Year Ended June 30, 2006 and 2005

The combined District maintains sufficient cash balances to pay all short-term liabilities. Excess cash is transferred to the District's trustee (Bank of New York) as surplus cash and is subsequently invested, according to investment policy guidelines, by the District's current money manager, Barrow, Hanley, Mewhinney & Strauss, Inc.

Capital Assets

Capital assets increased to \$212.2 million from \$161.2 million for a \$51.0 million increase in the current year over the previous year. This increase includes: \$68.8 million in building and land improvement capital expenditures, \$2.1 million in leases of computer hardware related assets, \$10.3 million in construction in progress, offset by \$23.3 million in current year depreciation and \$6.9 million in retirement of assets.

In 1994, the California legislature enacted Senate Bill 1953, which requires that California hospitals evaluate and upgrade acute care facilities by 2008 in order to meet the requirements of the Hospital Seismic Safety Act. As amended by subsequent legislation, the statute allows hospitals to apply for extensions beyond the 2008 deadline under certain circumstances. El Camino Hospital is in the process of completing a request for extension until January 2013 to ensure compliance with the regulations.

The Hospital developed a Facilities Master Plan (the "Plan"), which determined the location of the replacement building to be constructed over the next several years. On April 5, 2006 the Hospital Board of Directors approved Resolution 2006-5 approving a "Hospital Project" in the amount of \$480,000,000 for five (5) construction phases and the related furniture, fixtures, and equipment, soft costs and contingencies that are required to successfully complete the Hospital Project (including all previously approved expenditures for the Hospital Project). On June 8, the ground breaking occurred signaling the start of the new Hospital Project. The North Addition that is connected to the original building, constructed in 1973, requires substantial interior renovations, but will continue to be utilized as part of the Plan. The Orchard and Willow Pavilions are compliant with State of California Seismic requirements and will remain in service.

The Plan called for the "old" Oak Pavilion that housed the Dialysis Center on the first floor and administrative offices on the second floor to be demolished as it is in the footprint of the new Hospital Project. In February 2005, the Hospital Board approved as separate project, totaling \$10.2 million to replace this structure with a "new" Oak Pavilion on the southwest corner of the Hospital campus. This new structure was completed in March 2006 and the old structure was vacated.

The "old" Oak Pavilion was put on accelerated depreciation schedules and was fully depreciated during 2006. The Main Tower of the Hospital is on an accelerated depreciation schedule to be fully depreciated by June 2010, the expected date of its complete vacancy and demolition.

3

EL CAMINO HOSPITAL DISTRICT

Management Discussion and Analysis

For the Year Ended June 30, 2006 and 2005

The District plans to finance the Plan using proceeds from a combination of (1) General Obligation Bonds, totaling \$148 million, to be issued by the County of Santa Clara as approved by the November 4, 2003 Measure D, (2) revenue bonds to be issued by the Hospital, (3) cash reserves, and (4) donations.

As of June 30, 2006, no General Obligation Bonds have been issued, but the lawsuit filed by a non-resident property owner challenging the 2003 bond measure was settled and the District expects to issue the General Obligation Bonds in the fall of 2006.

The Revenue Bonds totaling approximately \$250 million will be issued in two transactions. The first transaction of \$120,000 will be issued in December 2006. The second transaction of \$130,000 will be issued early 2008.

In addition to the new Hospital Project, during 2006 the Hospital completed a 4-tier, 850 space parking structure, primarily for Hospital employees. Also under the same construction contract, the Hospital completed a significant portion (the core & shell) of its new Medical Office Building that subsequently opened in August 2006 to a number of physician tenants. The total construction is expected to come in on budget for these new structures which is at \$36.5 million.

Also during the fiscal year, the Hospital completed a number of "Make Ready" projects which allows the Hospital to operate continuously and uninterrupted during its three-year construction of the new Hospital Project. These included relocation of its main entrance, patient registration, outpatient laboratory, main corridor realignments, and site utilities. During this time, the Hospital completed a significant renovation of its North Addition ground floor areas to accommodate the relocation of its Information Technology Department and to enhance its Radiology/Interventional Services Department putting into service state-of-the-art radiology medical equipment. These two projects total approximately \$12 million. Also, the Hospital made a major investment in and implemented a new state of the art Clinical & Information System which went live March 25, 2006. This computerized physician order entry system is expected to be fully functional with further enhancements by 2007.

Management Discussion and Analysis

For the Year Ended June 30, 2006 and 2005

Fiscal Year 2006 Financial Analysis

Patient Services Revenues

Gross revenues increased 32% or \$311 million between years with \$16.2 million of this increase due to the acquisition of the ECSC. The Hospital implemented overall average 30% and 7% price increases on July 1, 2005 and June 1, 2006, respectively. These price increases account for \$53 million of additional gross revenue generated by the Hospital in fiscal year 2006, but this gross increase was significantly offset by contractual adjustments from payers (see Deductions from Revenue section). While overall inpatient volumes declined, (predominately maternity, nursery & subacute) medical & surgical, inpatient volumes and overall outpatient volumes increased. Higher volumes in psychiatric acute, dialysis, CT scanner, laboratory, and cardiac cath lab contributed an additional \$63 million in gross charges.

Inpatient Business Activity

Specialty	2006 Days	2005 Days	% Change
Medical/Surgical	45,225	43,120	4.9
Maternity	10,574	10,784	(1.9)
Pediatrics	305	387	(21.2)
NICU	4,585	4,420	3.7
Psychiatry	6,735	5,958	13.0
Subacute	12,908	17,219	(25.0)
Normal Newborn	9,808	10,004	(2.0)
TOTAL	90,140	91,892	(1.9)

Specialty	2006 LOS	2005 LOS	% Change
Medical/Surgical	4.1	4.1	---
Maternity	2.4	2.5	(4.0)
Pediatrics	1.6	1.6	---
NICU	10.4	9.2	13.0
Psychiatry	8.2	8.1	.1
Subacute	365.0	365.0	---
Normal Newborn	2.5	2.5	---
TOTAL	4.4	4.5	(2.2)

The overall case mix index, which is an indicator of patient acuity, was 1.0 in fiscal year 2006 compared to .98 in fiscal year 2005.

6

EL CAMINO HOSPITAL DISTRICT

Management Discussion and Analysis

For the Year Ended June 30, 2006 and 2005

Deductions from Revenue

Contractual allowance adjustments, (expressed as a percentage of gross patient revenues) were 74% for 2006 compared to 70% for 2005, an increase of 4% including \$8.5 million with the acquisition of the ECSC. The increase in contractual allowance adjustments is due largely to unrealized price increases as a result of the July 1, 2005 rate increase of 30%. In addition, contractual allowance adjustments were reduced in 2005 by favorable settlements of prior years' Medicare cost reports.

Operating Expenses

Salaries & Wages

Salaries and benefits in fiscal year 2006 were 54.9% of operating expenses compared to 56.6% in fiscal year 2005. Total salaries increased \$16.0 million in 2006 compared to 2005, with \$2.8 million of this increase due to the acquisition of the ECSC. At the Hospital, \$7.5 million of total increase were for registered nurses salaries.

The Hospital, like most others in the nation, continues to be faced with a shortage of nurses and other clinical professionals. In an on-going response to this shortage in this fiscal year, the Hospital continued strategies such as: a recruitment retention taskforce, an enhanced Refer-a-Friend program, and a revitalized recruitment web site. Additionally, in December 2005, the El Camino Hospital Nursing Division received the American Nurses Association Credentialing Center's prestigious Magnet Designation. El Camino Hospital is the only hospital in Northern California to hold this prestigious award and only 3% of hospitals nationwide have the designation. This award is truly a magnet for nurses because of the high quality of nursing care that this award represents.

This designation is important, as in January 2004 the State of California implemented new RN to patient ratios, which have increased the need for registered nurses and has made the recruitment and retention of RNs an ongoing challenge. During 2006, the Hospital decreased its time to fill RN positions by 80% over 2005.

7

EL CAMINO HOSPITAL DISTRICT

Management Discussion and Analysis

For the Year Ended June 30, 2006 and 2005

2006 to assist the Hospital in collecting under payments from third party payers due the Hospital. Other significant increases included: 1) additional outsourced IT services for the Laboratory and Radiology including implementation of a new RIS/PACS medical information system plus IT maintenance contracts for various software/hardware equipment; 2) consulting expense for heart & vascular and oncology strategic objectives, and 3) recruitment activities for certain positions within the Hospital.

Other Expenses

Other expenses increased by \$9.6 million in 2006 over the prior 2005 fiscal year, of which \$1.3 million was due to the acquisition of the ECSC. Approximately \$6.2 million of this increase occurred in bad debt largely due to the rate increase that occurred in July 2005. Depreciation expense increased due the new building projects coming on-line (refer to the Capital Assets section). Other increases were for interest expense on leased IT and medical equipment plus general liability/malpractice premiums and actuarially determined reserves for the same.

Change in Net Unrealized Gains & Losses on Investments

Stock market investments saw a slight decline in unrealized gains during the fiscal year ended June 30, 2006. The net change resulted in an immaterial unrealized loss. Bond market investments saw a decrease in market value as interest rates rose during the past fiscal year resulting in a net change to unrealized losses of \$8.4 million. For all investments this results in a change to net unrealized loss of \$8.2 million.

The bond investments change in net unrealized loss represents a 3.4% decline in market value. However, given a 139 basis point increase in rates on Treasury five year notes from 3.69% to 5.09% this loss was expected over the fiscal year period. While this change in net unrealized loss is reported in the hospital's financials during this reporting period, future changes in market value may show different results and bond investments may now generate higher levels of income.

9

EL CAMINO HOSPITAL DISTRICT

Management Discussion and Analysis

For the Year Ended June 30, 2006 and 2005

The PRN (Professional Resources of Nurses) began its first year of a two year contract on March 26, 2006 with a 7% across-the-board increase in salaries.

Employees represented by SEIU-Local 715 started their second year of their two year contract with the Hospital on July 3, 2005 with a 4% across-the-board increase in salaries, plus certain classifications of employees who were provided market rate adjustments.

The Hospital's Stationary Engineers-Local 39, per their contract were provided a 4% across-the-board increase effective November 6, 2005.

The Hospital Board of Directors approved the non-management, non-contractual employees across-the-board increase of 4.5% on July 3, 2005.

Management received increases on the average of 4.5% on August 14, 2005.

FTE's (Full Time Equivalents) increased in fiscal year 2006 to 1,678 from 1,629 in 2005.

Employee Benefits

Overall, employee benefits cost increased by \$2.3 million in 2006 compared to 2005, an increase of 8.0%. Of the \$2.3 million increase, \$443 thousand was attributable of acquiring the ECSC in 2006.

Other significant increases were in the areas of pension expense (\$954,000), employer Social Security/Medicare taxes (\$935,000), healthcare premiums (\$669,000), and special one-time payment (\$243,000) to all non-management Hospital employees as a thank you for their achievements that produced a successful prior fiscal year. These increases were offset by decreases in both actual workers compensation payments and the actuarially determined expense for workers compensation (\$850,000) at the Hospital over the prior year.

Supplies

Total supply costs increased by \$6.1 million in 2006 compared to 2005, of which \$1.7 million was due to the acquisition of the ECSC. Other areas of significant increases are: 1) pharmaceutical expenses increased due to on-going price increases and utilization, specifically in the dialysis areas for the drugs Epogen and Zemplar, and 2) the addition of chemotherapy drugs for the Infusion Center that opened early in fiscal year 2006.

Professional and Purchased Services

Total professional and purchased services increased by \$8.0 million in 2006 compared to 2005, of which \$870 thousand was due to the acquisition of the ECSC. During 2006 considerable costs (\$2.4 Million) were spent for the construction of the Hospital Project that did not meet accounting criteria to be capitalized. This included significant costs for demolition and asbestos abatement for the Make Ready projects and demolition of buildings and land improvements to allow for various new building construction projects (refer to Capital Assets section). In 2006, parking and shuttle services had to be provided to employees during the construction of the new parking structure, as the surface parking was severely limited. To assist patients and visitors also affected by this limited availability of parking, management put in place a free valet parking service for all patients and visitors that will continue through out the construction of the Hospital Project. Specialty collection agencies were further utilized in

8

EL CAMINO HOSPITAL DISTRICT

Management Discussion and Analysis

For the Year Ended June 30, 2006 and 2005

Fiscal Year 2005 Financial Analysis

Patient Service Revenues

Gross revenues increased 15.4% or \$128.8 million between years. The Hospital implemented overall average 9% and 30% price increases on July 1, 2004 and June 1, 2005, respectively. These price increases account for \$75 million of additional gross revenue generated by the Hospital in fiscal year 2005. While overall inpatient volumes declined, certain departmental inpatient volumes and overall outpatient volumes increased. Higher volumes in psychiatric acute, radiation oncology, CT scanner, laboratory, and cardiac cath lab contributed \$54 million in additional gross charges.

Compared to 2004, net patient service revenues increased by \$29.2 million or 11% in 2005.

Inpatient Business Activity

Specialty	2005 Days	2004 Days	% Change
Medical/Surgical	43,120	43,902	(1.8)
Maternity	10,784	10,693	0.9
Pediatrics	387	616	(37.2)
NICU	4,420	4,652	(5.0)
Psychiatry	5,958	5,436	9.6
Subacute	17,219	17,228	(0.1)
Normal Newborn	10,004	10,095	(0.9)
TOTAL	91,892	92,622	(0.8)

Specialty	2005 LOS	2004 LOS	% Change
Medical/Surgical	4.1	4.1	
Maternity	2.5	2.4	4.2
Pediatrics	1.6	1.6	
NICU	9.2	9.8	(6.1)
Psychiatry	8.1	7.1	14.1
Subacute	365.0	366.0	(0.3)
Normal Newborn	2.5	2.5	
TOTAL	4.5	4.4	2.3

The overall case mix index, which is an overall measure of patient acuity remained consistent at 1.00 in 2005 and 2004.

Deductions from Revenue

Contractual allowance adjustments (expressed as a percentage of gross patient revenues) were 70.4% for 2005 compared to 69% for 2004, an increase of 1.4%. The increase in contractual allowance adjustments is due largely to the price increases enacted in July 1, 2004 and June 1, 2005, offset by changes in payment rates from Medicare, Medi-Cal, third-party insurers, and renegotiated contracts with third party payors. In addition, contractual allowance adjustments were reduced in 2005 by favorable settlements of prior years' Medicare cost reports.

10

EL CAMINO HOSPITAL DISTRICT

Management Discussion and Analysis

For the Year Ended June 30, 2006 and 2005

Operating Expenses

Total operating expenses were \$278.8 million in fiscal year 2005 compared to \$255.2 million in fiscal year 2004. Presented below is an operating expense comparison:

Salaries and Wages

Salaries and benefits in fiscal year 2005 were 56.6% of operating expenses compared to 58.8% in fiscal year 2004. Total salaries increased \$7.9 million in 2005 compared to 2004.

The Hospital, like most other hospitals in the nation, is faced with a shortage of nurses and other clinical professionals. In a continued response to this shortage in 2005, the Hospital continues strategies such as a recruitment retention taskforce, an enhanced Refer-a-Friend program, and a revitalized recruitment website. These strategies have reduced the Hospital's registered nursing (RN) vacancies by 53% from 2004. This reduction is especially important because the State of California implemented a new RN to patient ratios effective January 1, 2004. This change effectively meant that the Hospital was required to have more RNs per patient (in selected units) than in the past and this made the hiring and retaining of RNs especially challenging.

The PRN (Professional Resource of Nurses) began its second year of its two-year contract on March 27, 2005 with a 6% across-the-board increase in salaries. Certain classifications of employees were provided market rate adjustments in the previous year as the new contract began.

Employees represented by SEIU-Local 715 started the first year of their second contract with the Hospital in 2005 with a 4.5% across-the-board increase in salaries, along with certain classifications of employees who were provided market rate adjustments.

The Hospital's Stationary Engineers-Local 39 employees, per their current contract, were given a 4% across-the-board increase effective November 7, 2004.

The Board granted the non-management, non-contractual employees a 4.5% across-the-board increase in July 2004.

Management received increases on the average of 4.7% in August 2004.

FTEs (Full-Time Equivalents) decreased during the fiscal year from 1,633 in 2004 to 1,629 in 2005.

11

EL CAMINO HOSPITAL DISTRICT

Management Discussion and Analysis

For the Year Ended June 30, 2006 and 2005

In order to ensure the Hospital's long-term future success, it is committed to maintaining strong financial performance from operations as well as maintaining high satisfaction and quality outcomes. The Hospital continues to focus on the long-term goal of facility replacement, which means achieving the financial performance and positive margin trends that will be necessary to secure and repay future new debt.

HIPAA Status

Procedures for all the privacy components of the HIPAA requirements were adopted in 2003 and are being well exercised. In addition, all orientation procedures now include training to ensure that all staff, volunteers and physicians are aware of the privacy requirements prior to starting their work assignments.

In 2005, changes in infrastructure and key processes were made in order for the Hospital to be compliant with all security requirements effective for 2005. Internal and external consultants reviewed processes during the year to ensure the Hospital met the security requirements as they came into effect. Threat and intrusion analysis and additional tests were performed during the year in order to ensure compliance with the 2005 requirements. No significant issues were noted.

13

EL CAMINO HOSPITAL DISTRICT

Management Discussion and Analysis

For the Year Ended June 30, 2006 and 2005

Employee Benefits

Overall, employee benefits cost increased by \$493 thousand in 2005 compared to 2004, an increase of 1.7%.

The most significant increases in employee benefits (\$1.7 million) was in healthcare premiums, as the Hospital replaced its previous dental program with an enriched program, carved out its Pharmacy benefit that was previously bundled in the Blue Cross coverage and placed it as a stand-alone benefit with Express Scripts. As in prior years, premium increases in Blue Cross coverage that occurred in October 2004 for basic healthcare coverage were not passed along to employees, but were paid entirely by the Hospital.

At the same time, decreases occurred in pension expense and in the funding and actuarial expensing for the self-funded workers compensation program.

Changes in Net Unrealized Gains and Losses on Investments

Stock and bond investments saw increases in market values during 2005 resulting in a net unrealized gain over 2004. For all combined investments, the net change in unrealized gains and losses in 2005 was a positive \$1.7 million. As of June 30, 2005, net unrealized loss on all investments was \$0.4 million. The market value of investments may continue to experience volatility in the future based on the continued changing market conditions.

Economic Factors and Next Year's Budget

The Board approved the fiscal year 2007 budget at their July 2006 meeting. The fiscal year 2006-07 budget for El Camino Hospital District (all five entities) projects total expenditures of approximately \$376.5 million. This estimate includes all operating costs (\$355.5 million), non-operating costs (\$0.85 million), and costs of capital (\$20.1 million). The projected net income is more than \$53.9 million and represents a 13% net margin. Included in the net margin is the projected income from operations of \$33.3 million. Non-operating sources of revenue net of expenses continue to be strong at a projected level of \$20.5 million, which represents about 38% of the Hospital's total net income.

With regard to expense changes, the Hospital has taken the approach of persevering jobs while increasing productivity. The Hospital is expecting to add several new programs and services such as: a Heart & Vascular Center encompassing an anticoagulation clinic and a South Asian Heart Center. There are also plans to open a state of the art Cancer Center late 2006. There is also a focus on reducing supply costs, particularly medical supplies, including Pharmaceutical supplies. Depreciation expense will increase considerably due to the replacement of the Hospital's medical information system, enhancements to its imaging services, replacement of the dialysis facilities, and the addition of a new parking structure and medical office building. Operating expenses are budgeted to increase 12% from 2005 levels (largely related to new programs and services and inflation) and total \$355.5 million.

12

INDEPENDENT AUDITOR'S REPORT

The Board of Directors
El Camino Hospital District

We have audited the accompanying consolidated balance sheet of El Camino Hospital District as of June 30, 2006 and the related consolidated statements of revenues, expenses, and changes in net assets and cash flows for the year then ended. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of El Camino Hospital District as of and for the year ended June 30, 2005 were audited by another auditor whose opinion dated August 30, 2005 expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of El Camino Hospital District as of June 30, 2006, and the changes in its financial position and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements that collectively comprise El Camino Hospital District's basic financial statements. The 2006 consolidating information set forth is presented for purposes of additional analysis and is not a required part of the basic financial statements. The consolidating information has been subjected to the auditing procedures applied in our audit of the 2006 basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

Management's discussion and analysis on pages 1 through 13 is not a required part of the financial statements but is supplementary information required by the accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

San Francisco, California

**EL CAMINO HOSPITAL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2006 AND 2005**

Note 1 – Organization and Summary of Significant Accounting Policies

Organization – El Camino Hospital District (the “District”) includes the following component units which are included as blended component units of the District’s financial statements: El Camino Hospital (the “Hospital”), El Camino Hospital Foundation (the “Foundation”), CONCERN: Employee Assistance Program (“CONCERN”), and most recently the El Camino Surgery Center (“ECSC”). The ECSC was 100% acquired by the Hospital on September 17, 2005. Prior to this complete acquisition, the Hospital owned a 50% interest in the ECSC. The ECSC is a Limited Liability Company.

The District is organized as a political subdivision of the State of California and was created for the purpose of operating an acute care hospital and providing management services to certain related corporations. The District is the sole member of the Hospital, and the Hospital is the sole corporate member of the Foundation and CONCERN. As sole member, the District (with respect to the Hospital) and the Hospital (with respect to the Foundation and CONCERN) have certain powers, such as the appointment and removal of the boards of directors and approval of changes to the articles of incorporation and bylaws.

In July 1999, the Hospital established CONCERN and subsequently transferred funds to establish CONCERN as a separate affiliated entity. The purpose of CONCERN is to provide and operate a specialized health care service plan for various business organizations nationwide. On March 5, 2001, CONCERN was granted a limited Knox-Keene license from the Department of Corporations of the State of California and commenced its operations.

All significant inter-entity accounts and transactions have been eliminated in the financial statements.

Accounting Standards – Pursuant to Government Accounting Standard Board (GASB) Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, the District has elected to apply the provisions of all relevant pronouncements of the Financial Accounting Standards Board (FASB), including those issued after November 30, 1989, which do not conflict or contradict GASB pronouncements.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the report amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

18

Proprietary Fund Accounting – The District utilizes the proprietary fund method of accounting whereby revenues and expenses are recognized on the accrual basis and financial statements are prepared using the economic resources measurement focus.

Cash and Cash Equivalents – Cash and cash equivalents include deposits with financial institutions, and investments in highly liquid debt instruments with an original maturity of three months or less. In addition, in 2006 and 2005, cash and cash equivalents include repurchase agreements, which consist of highly liquid obligations of U.S. governmental agencies. Cash and cash equivalents exclude amounts whose use is limited by board designation or by legal restriction.

Investments in Marketable Securities – Short-term investments consist primarily of highly liquid debt instruments and other short-term interest-bearing certificates of deposit, U.S. Treasury bills, U.S. government obligations, and corporate debt, excluding amounts whose use is limited by board designation or other arrangements under trust agreements.

Board-designated and restricted funds include assets set aside by the board for future capital improvements, over which the board retains control and may at its discretion use for other purposes; assets set aside for qualified capital outlay projects in compliance with state law; assets set aside in accordance with agreements with third-party payors; and assets restricted by donors or grantors.

Investment income, realized gains and losses and unrealized gains and losses on investments are reflected as nonoperating income or expense.

Capital Assets – Capital assets are recorded at cost. Donated property is recorded at its fair-market value on the date of donation. Depreciation is computed using the straight-line method over the estimated useful lives of the assets as follows:

Land improvements	16 years
Buildings and fixtures	25 – 40 years
Equipment	3 – 16 years

Leasehold improvements are amortized using the straight-line method over the shorter of the lease term or the estimated useful life of the related assets.

Investments in Health Care-Related Activities – The District currently holds an interest in Pathways Home Health & Hospice and Private Duty (formerly Continuous Care), which is reported on the equity method of accounting. In fiscal year 2005, the District held an interest in El Camino Surgery Center, also reported on the equity method of accounting, but on September 17, 2005, the Hospital acquired a 100% ownership in ECSC. The Hospital paid \$5.2m for this acquisition and it is now consolidated into the District's financial statements for this fiscal year.

19

Uncollectible Accounts – The Hospital provides care to patients without requiring collateral or other security. Patient charges not covered by a third-party payor are billed directly to the patient if it is determined that the patient has the ability to pay. A provision for uncollectible accounts is recognized based on management's estimate of amounts that ultimately may be uncollectible.

Income Taxes – The District operates under the purview of the Internal Revenue Code, Section 115, and corresponding California Revenue and Taxation Code provisions. As such, it is not subject to state or federal taxes on income. CONCERN has also been granted tax-exempt status. However, income from the unrelated business activities of the Hospital and the Foundation is subject to income taxes.

Reclassifications – Certain amounts in the 2005 financial statements have been reclassified to conform to the 2006 presentation.

Accounting Change – The District adopted FASB Interpretation (FIN) No. 47, *Accounting for Conditional Asset Retirement Obligations*, as of July 1, 2004. FIN 47 clarifies that an entity is required to recognize a liability for the fair value of a conditional asset retirement obligation if the fair value of the liability can be reasonably estimated. Because asbestos abatement is mandated under State of California laws, asbestos removal and disposal costs qualify as conditional asset retirement obligations under FIN 47. The District will be required to remove and dispose of asbestos extant in the main tower of the existing Hospital which will be demolished in 2010 as part of the District's facilities master plan.

Upon adoption of FIN 47, the District was required to recognize in its balance sheet: (1) a liability for any existing asset retirement obligation; (2) an asset retirement cost capitalized as an increase to the carrying amount of the associated long-lived asset; and (3) accumulated depreciation on that capitalized cost. The accumulated depreciation on the capitalized asset retirement cost was calculated from the passage of California legislation on asbestos abatement (1986) to July 1, 2004. This amount, totaling \$1,942,000, was recognized as the cumulative effect of a change in accounting principle in the accompanying statement of revenues, expenses, and change in net assets. At June 30, 2005 and June 30, 2006, the estimated liability for the asset retirement obligation of \$2,590,000 is included in other long-term obligations in the accompanying balance sheet.

Note 2 – Operating Revenues

Gross patient revenue is recorded on the basis of usual and customary charges. Gross patient revenue was \$1,274,030,000 and \$962,993,000 for 2006 and 2005, respectively. The percentage of inpatient and outpatient services is as follows:

21

Risk Management – The Hospital is exposed to various risks of loss from torts; theft of, damage to, and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disasters; and employee health, dental, and accident benefits. Commercial insurance coverage is purchased for claims arising from such matters. Settled claims have not exceeded this commercial coverage in any of the three preceding years.

Self-Insurance Plans – The District maintains professional liability insurance on a claims-made basis, with liability limits of \$30,000,000 per claim, and which is subject to a \$50,000 deductible. Additional, the District is self-insured for workers' compensation benefits. The District purchases a Workers' Compensation Excess Policy that insures claims greater than \$1,000,000 with a limit of \$10,000,000. Actuarial estimates of uninsured losses for professional liability and workers' compensation have been accrued as liabilities in the accompanying financial statements.

Restricted Net Assets – Restricted net assets are those whose use by the Foundation has been limited by donors to a specific time period or purpose or to be maintained by the Foundation in perpetuity.

Statements of Revenues, Expenses, and Changes in Net Assets – For purposes of display, transactions deemed by management to be ongoing, major, or central to the provisions of health care services are reported as revenues and expenses. Peripheral or incidental transactions are reported as gains and losses. These peripheral activities include investment income, property tax revenue, gifts, grants and bequests, change in net unrealized gains and losses on investments in marketable securities and are reported as nonoperating. Investments in the El Camino Surgery Center, Pathways, Home Health, Hospice, and Continuous Care are accounted for under the equity method. The District's share of the operating income of these entities is included as investment gains and losses in the District's financial statements.

Net Patient Service Revenue – Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined.

Property Tax Revenue – Property tax revenue is recorded based on taxes levied for the current fiscal year.

Charity Care – The Hospital provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the Hospital does not pursue collection of amounts determined to qualify as charity care, they are not reported as revenue. The Hospital subsidizes the cost of treating patients who are on governmental assistance where reimbursement is below cost.

20

	2006	2005
Inpatient services	66 %	67 %
Outpatient services	34 %	33 %

The following table reflects the percentage of gross patient revenues by major payor group:

	2006	2005
Medicare	28 %	39 %
Contracted rate payors	57 %	50 %
Commercial insurance and other	6 %	5 %
Medi-Cal	9 %	6 %

The Hospital has agreements with third-party payors that provide for payments to the Hospital at amounts different from its established rates. Payment arrangements include prospectively determined rates per discharge, reimbursed costs, discounted charges, prepaid payments per member, and per diem payments. Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated settlements under reimbursement agreements with third-party payors.

Inpatient acute care services rendered to Medicare program beneficiaries are paid at prospectively determined rates per discharge. These rates vary according to a patient classification system based on clinical, diagnostic, and other factors. Inpatient nonacute services related to Medicare beneficiaries are paid based on a cost-reimbursement methodology through March 31, 2004. Inpatient nonacute services subsequent to April 1, 2004 are paid at prospectively determined rates per discharge. Payments for outpatient services are based on a stipulated amount per diagnosis. The Hospital is reimbursed for cost reimbursable items at a tentative rate, with final settlements determined after submission of annual cost reports by the Hospital and audits thereof by the Medicare fiscal intermediary. The effect of updating prior year estimates for Medicare and other liabilities was to increase 2006 and 2005 net operating income by \$4,708,000 and \$8,442,000, respectively. The Hospital's cost reports have been audited by the Medicare fiscal intermediary through June 22, 2002.

Medi-Cal and contracted rate payors are paid on a percentage of charges, per diem, per discharge, fee schedule, or a combination of these methods.

Laws and regulations governing the Medicare and Medi-Cal programs are complex and are subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change in the near term.

22

Included in other revenue are amounts from investments in health-related activities, rental income, cafeteria, and other nonpatient care revenue.

Note 3 – Charity Care

The Hospital maintains records to identify and monitor the level of direct patient charity care it provides. These records include the charges foregone for providing the patient care furnished under its charity care policy. For the years ended June 30, 2006 and 2005, the estimated costs of providing patient charity care services and supplies in excess of reimbursement from governmental programs were as follows:

	2006	2005
	(In thousands)	
Unpaid costs of Medi-Cal programs	\$ 8,142	\$ 18,313
Unpaid costs of Medicare programs	14,249	12,487
Indigent charity care	125	170
Other community-based programs	2,523	2,421
Total charity care	\$ 25,039	\$ 33,391

In furtherance of its purpose to benefit the community, the Hospital provides numerous other services to the community for which charges are not generated and revenues have not been accounted for in the accompanying financial statements. These services include providing access to health care through interpreters, referral and transport services, health care screening, community support groups and health educational programs, and certain home care and hospice programs.

The Hospital also provides services to the community through the operations of the El Camino Hospital Auxiliary, Inc. (the "Auxiliary"). Services provided by volunteers of the Auxiliary, free of charge to the community, include assistance and counseling to patients and visitors, provision of scholarship awards to qualifying paramedical students, and daily personal contact with members of the community who are living alone. In both 2006 and 2005, these volunteers contributed approximately 114,000 hours in providing these services, the value of which is not recorded in the accompanying financial statements.

Note 4 – Cash Deposits

At June 30, 2006 and 2005, District cash deposits had carrying amounts of \$8,145,000 and \$7,150,000, respectively, and bank balances of \$3,254,100 and \$2,131,000, respectively. Of the bank balances at June 30, 2006 and 2005, \$337,600 and \$165,000, respectively, were covered by federal depository insurance.

Credit Risk – District investment policies limit investments to investment grade assets. The investment policy requires investment managers maintain an average of Aa/AA or higher ratings as issued by a nationally recognized rating organization. Additionally, the investment policy requires no more than 50% of total investments to be invested in US corporate notes and bonds.

Foreign Currency Risk – The District's investment policy permits it to invest up to 15 percent of total investment in foreign currency denominated investments. These investments must have a minimum quality rating of BAA3/BBB, or its equivalent or higher, as issued by at least two of the three nationally recognized rating organizations. Those assets identified as foreign fixed income investments above are securities issued by Non-U.S. domiciled issuers. All securities are denominated and payable in (both interest and principal) U.S. dollars. None represent foreign currency risk.

Note 6 – Capital Assets

Capital assets activity for the year ended June 30, 2006 is as follows (in thousands):

	Balance June 30, 2005	Increases	Decreases	Balance June 30, 2006
Capital assets not being depreciated				
Land	\$ 10,585	\$ -	\$ -	\$ 10,585
Construction in progress	37,325	57,189	48,170	46,344
	47,910	57,189	48,170	56,929
Capital assets being depreciated				
Land improvement	4,522	865	42	5,345
Buildings	169,020	44,293	1,151	212,162
Capital equipment	101,453	20,135	2,618	118,970
	274,995	65,293	3,811	336,477
Less accumulated depreciation for				
Land improvement	3,904	155	30	4,029
Buildings	93,613	11,784	1,130	104,267
Capital equipment	64,232	11,152	2,434	72,950
	161,749	23,091	3,594	181,246
Total capital assets being depreciated, net	113,246	42,202	217	155,231
Total capital assets, net	\$ 161,156	\$ 99,391	\$ 48,387	\$ 212,160

The District participates in a cash management program provided by its primary depository institution that allows cash in District concentration accounts to be swept daily and invested overnight in reverse repurchase agreements that are not exposed to custodial credit risk because the underlying securities are held by the buyer-lender. At June 30, 2006 and 2005, balances in repurchase agreements had carrying values of \$10,620,000 and \$9,700,000, respectively, and are included in the carrying amounts above.

Note 5 – Board-Designated and Restricted Funds

Board-designated funds, restricted funds, and short-term investments, collectively, investments, as of June 30, 2006 and 2005 comprised the following (in thousands):

	Amortized Costs	Gross Unrealized		Carrying Value
		Gains	Losses	
2006				
Cash and cash equivalents	\$ 15,681	\$ -	\$ -	\$ 15,681
Equities	6,553	2,211	(253)	8,511
Fixed income securities	227,018	22	(10,511)	216,529
Restricted pledges and deposits	3,931	-	-	3,931
	\$ 253,183	\$ 2,233	\$ (10,764)	\$ 244,652
2005				
Cash and cash equivalents	\$ 6,629	\$ -	\$ -	\$ 6,629
Equities	4,805	2,008	(117)	6,696
Fixed income securities	246,296	460	(2,759)	243,997
Restricted pledges and deposits	1,009	-	-	1,009
	\$ 258,739	\$ 2,468	\$ (2,876)	\$ 258,331

Interest Rate Risk – Through its investment policies, the District manages its exposure to fair value losses arising from increasing interest rates by limiting maturity of fixed income securities in its portfolio to no more than ten years.

At June 30, 2006, District investment balances and average maturities were as follow:

Investment Type	Fair-Value (In thousands)	Investment Maturities (in years)		
		Less than 1	1 to 5	6 to 10
Short-term money market	\$ 15,681	\$ 15,681	\$ -	\$ -
Government and agencies	122,161	2,096	63,382	56,683
Corporate bonds	93,123	5,706	75,414	12,003
Foreign fixed income	1,245	-	-	1,246
	232,210	\$ 23,483	\$ 138,796	\$ 69,932
Equities	8,511			
Restricted pledges and deposits	3,931			
Total fair-value	\$ 244,652			

Capital assets activity for the year ended June 30, 2005 is as follows (in thousands):

	Balance June 30, 2004	Increases	Decreases	Balance June 30, 2005
Capital assets not being depreciated				
Land	\$ 10,585	\$ -	\$ -	\$ 10,585
Construction in progress	15,338	26,032	4,045	37,325
	25,923	26,032	4,045	47,910
Capital assets being depreciated				
Land improvement	4,522	-	-	4,522
Buildings	163,153	5,873	6	169,020
Capital equipment	97,526	13,488	9,561	101,453
	265,201	19,361	9,567	274,995
Less accumulated depreciation for				
Land improvement	3,711	193	-	3,904
Buildings	81,242	12,371	-	93,613
Capital equipment	62,172	9,412	7,352	64,232
	147,125	21,976	7,352	161,749
Total capital assets being depreciated, net	118,076	(2,615)	2,215	113,246
Total capital assets, net	\$ 143,999	\$ 23,417	\$ 6,260	\$ 161,156

Note 7 – Employee Benefit Plans

The District sponsors a cash-balance pension plan (the Plan), which has been in effect since January 1, 1995. The Plan covers employees who are 21 years of age and have completed one year of credited service. Participants are entitled to a lump-sum distribution or monthly benefits at age 65 based on a predetermined formula that considers years of service and compensation. Effective July 1, 1999, employer Plan benefits are calculated as 5% of a participant's annual plan compensation, and the annual interest is an indexed rate based on the return on ten-year U.S. treasury securities. Participants are fully vested in their account balances after five pension years.

Certain retired and terminated employees and certain participants covered by a collective bargaining agreement continue to participate under provisions of a defined-benefit retirement plan in effect prior to January 1, 1995. Any costs and liabilities related to this plan are included below.

Analysis of Funding Progress - Pension Plan – The following table summarizes the funding status of the District's cash-balance pension plan (in thousands):

Fiscal Year	Actuarial Value of Assets (a)	Actuarial Liability (AAL) - Projected Unit Credit (b)	Assets in Excess of AAL (a-b)	Funded Ratio (a/b)	Covered Payroll (c)	Assets in Excess AAL as a Percentage of Covered Payroll ((a-b)/c)
2002	\$ 62,402	\$ 46,191	\$ 16,211	135.1%	\$ 67,327	24.1%
2003	\$ 65,271	\$ 52,547	\$ 12,724	124.2%	\$ 74,342	17.1%
2004	\$ 64,231	\$ 58,846	\$ 5,385	109.2%	\$ 86,091	6.3%
2005	\$ 77,946	\$ 65,366	\$ 12,580	119.2%	\$ 95,430	13.2%
2006	\$ 84,129	\$ 72,616	\$ 11,513	115.9%	\$ 103,024	11.2%

The following table summarizes the net pension obligation (NPO) or prepaid pension cost for the District's cash-balance pension plan (in thousands):

Fiscal Year	Beginning of Year NPO (a)	Annual Pension Cost (b)	Actual Contribution (c)	Increase (Decrease) in NPO (b-c)	End of Year NPO/ (Prepaid Pension Cost) ((a)+(b-c))
2002	\$ (567)	\$ 1,189	\$ -	\$ 1,189	\$ 622
2003	\$ 622	\$ 1,627	\$ -	\$ 1,627	\$ 2,249
2004	\$ 2,249	\$ 1,116	\$ 1,271	\$ (155)	\$ 2,094
2005	\$ 2,094	\$ 16	\$ 3,101	\$ (3,085)	\$ (991)
2006	\$ (991)	\$ 774	\$ 2,737	\$ (1,963)	\$ (2,954)

The following table summarizes the actuarial assumptions used to determine the District's cash-balance pension plan liabilities as of June 30:

	2004	2005	2006
Expected long-term return on assets	8.5%	8.5%	8.5%
Rate of compensation increases	4.0%	4.0%	4.0%
Date of actuarial valuation	January 2003	January 2004	January 2005
Amortization period of NPO	3 years	3 years	3 years

Components of pension activity for the years ended June 30, 2006 and 2005 consist of the following:

	2006	2005
	(In thousands)	
Pension expense	\$ 774	\$ 16
Employer contributions	2,737	3,101
Benefits paid	3,256	2,626

27

The net period postretirement benefit activity for 2006 and 2005 included the following components:

	2006	2005
	(In thousands)	
Benefit expense	\$ 686	\$ 508
Employer contributions	489	547
Plan participants' contributions	173	112
Benefits paid	662	659

The measurement date for the actuarial analysis is June 30 for both 2006 and 2005. For measurement purposes, annual rates of increase in the per capita cost of covered health care benefits of 9% and 10% were assumed for fiscal 2006 and 2005, respectively. The rate was assumed to decrease gradually to 5.5% over the next four years and remain at that level thereafter. The dental benefit trend rate was assumed to be 5% in all future years. The discount rates used are 6.25% for 2006 and 5.25% for 2005.

The following table summarized projected future post-retirement plan benefits payments:

2007	\$ 433,000
2008	471,000
2009	531,000
2010	609,000
2011	652,000
2012-2016	4,343,000
	<u>\$ 7,039,000</u>

Note 9 – Insurance Plans

The District's professional, general, automobile, and directors and officers liability insurance is purchased from BETA Health Care Group (BHG). BHG was formed in 1979 for the purpose of operating a self-insurance program for the above insurance coverage for certain hospital districts of the Association of California Hospital Districts (ACHD). Effective October 1, 1989, BHG became a separate joint powers authority, establishing itself as a public agency and distinct from ACHD. BHG is managed by a board of 16 representatives (the BHG Council), 14 of whom are elected by the members.

29

Eligible employees of the Hospital may also elect to participate in a separate deferred compensation plan (the 403(b) plan) pursuant to Section 403(b) of the Code. The Hospital acts as the administrator and sponsor, and the 403(b) plan's assets are held by trustees designated by the Hospital's management. Employees are eligible to participate upon employment, and participants are immediately vested in their elective contributions plus actual earnings thereon. The Hospital will match employee contributions to the 403(b) plan, subject to a maximum of 4% of each participant's annual plan compensation. Participants are eligible for employer match in the second plan year in which they work at least 1,000 hours, and they must be on the payroll at the end of the plan year (December 31) and be at least 21 years of age. Employer matching contributions under the 403(b) plan are made to the cash balance pension plan and earn interest as defined by that plan. Employer matching contributions to the 403(b) plan of \$2,993,000 and \$2,700,000 in 2006 and 2005, respectively, are included in benefits expense. Participants are immediately vested in the employer contributions included in the cash balance pension plan.

Note 8 – Postretirement Medical Benefits

The Hospital provides health care benefits and life insurance for retired employees who meet eligibility requirements as outlined in the plan document, as approved by the board of directors of the Hospital. All employees who attain age 62 with a minimum of 20 years of enrollment in the Hospital's health care program and are enrolled in one of the plans upon retirement, are age 55 or over upon retirement and who were hired prior to July 1, 1994 are eligible. Under the plan, employees are credited with employment history accumulated under a prior District plan.

Benefits are funded by the Hospital on a pay-as-you go basis. If a participant terminates from the Hospital after 20 years of enrollment but before reaching age 62, he or she can choose to contribute to the plan between ages 55 and 61 to retain the plan's benefits. At age 62, eligible retirees are given an annual credit based on years of service to pay for health benefits. As of June 30, 2006, approximately 64 employees and former employees were eligible to participate in the plan.

The following table sets forth the plan's funded status, as actuarially determined on an accrual basis, reconciled with the amounts shown in the District's balance sheets as of June 30, 2006 and 2005:

	2006	2005
	(In thousands)	
Accumulated benefit obligation	\$ 12,871	\$ 13,898
Fair-value of plan assets	-	-
Funded status	<u>\$ (12,871)</u>	<u>\$ (13,898)</u>
Accrued benefit cost recognized in the balance sheets	<u>\$ (13,059)</u>	<u>\$ (12,861)</u>

28

The District's other insurance needs are brokered by Driver-Alliant Insurance Services (Driver-Alliant). This relationship was developed by BHG. Through Driver-Alliant, the District purchases its all-risk property insurance (including limited flood), fiduciary, crime, and excess workers' compensation coverage. Given the extreme costs and high deductible of acquiring earthquake insurance, the District has developed a board-designated self-funded earthquake "catastrophic fund." The fair value of this fund was \$12,379,000 and \$11,711,000 at June 30, 2006 and 2005, respectively.

The District is self-funded for its workers' compensation and has been issued by the State of California's Department of Industrial Relations, a Certificate of Consent to Self-Insure. The District purchases excess workers' compensation insurance coverage.

Selected coverages are (in thousands):

Coverage	Policy Limit	Self-Insured Retention
Hospital professional and general liability	\$ 30,000	\$ 50
Automobile insurance	20,000	-
Directors and officers	10,000	25
All-risk property	1,000,000	40
Fiduciary	5,000	25
Excess workers' compensation	10,000	1,000
Commercial crime	5,000	25

Settled claims have not exceeded the District's policy limits in any of the past three years.

The District has actuarial estimates performed annually on its self-insurance plans of professional liability and workers' compensation benefits. Estimated liabilities (which have not been discounted) have been actuarially determined at an expected 75% confidence level and include an estimate of incurred, but not reported, claims. The change in the liability for self-insurance is as follows (in thousands):

	2006	2005
Beginning balance	\$ 19,329	\$ 17,129
Current year claims and changes in estimates	5,757	5,959
Payment of claims	(3,875)	(3,759)
Ending balance	<u>\$ 21,211</u>	<u>\$ 19,329</u>

30

The balances are included in salaries and wages payable and long-term liabilities in the accompanying balance sheets.

Note 10 – Capital Leases

Capital leases outstanding as of June 30, 2006 are as follows (in thousands):

Description	Maturity	Interest Rates	Original Issue	June 30, 2005
Capital leases - equipment	September 2007 - June 2010	0% to 7.75%	\$ 9,702	\$ 5,323
net of interest				2,120
Less current portion				\$ 3,203

Description	June 30, 2005	Increases	Decreases	Outstanding June 30, 2006
Capital leases - equipment	\$ 5,642	\$ 1,201	\$ 1,520	\$ 5,323

Description	June 30, 2004	Increases	Decreases	Outstanding June 30, 2005
Capital leases - equipment	\$ 6,459	\$ 2,133	\$ (2,950)	\$ 5,642

Debt service requirements for capital leases are as follow (in thousands):

Period Ending June 30,	
2007	\$ 2,513
2008	1,893
2009	1,298
2010	568
Less interest	(949)
	5,323
Less current portion	(2,120)
	\$ 3,203

The loan made in 2004 secured by the associated real property was paid off by the executive during fiscal year 2006. A portion of the accrued interest on the loan paid by the Hospital was forgiven as the executive had met a certain milestone. The remaining balance of accrued interest was repaid to the Hospital by the executive.

The loan made in 2002 was made pursuant to the executive's employment agreement, was secured by the associated real property and was paid off by the executive during fiscal year 2006. The entire principal amount loaned directly by the Hospital to the executive was repaid by the executive, as was the accrued interest on the loan that was not forgiven by the Hospital for the executive meeting certain milestones.

Thus, as of the end of fiscal year 2006, no loans existed to executives of the Hospital.

Note 13 – Commitments and Contingencies

Litigation – The District is a defendant in various legal proceedings arising out of the normal conduct of its business. In the opinion of management and its legal representatives, the District has valid and substantial defenses, and settlements or awards arising from legal proceedings, if any, will not exceed existing insurance coverage, nor will they have a material adverse effect on the financial position, results of operations, or liquidity of the District.

Lease Commitments – The District is obligated for land and office rental under the terms of various operating lease agreements. Following is a schedule by year of future minimum lease payments under operating leases as of June 30, 2006 (in thousands):

Period Ending June 30	
2007	\$ 833
2008	738
2009	587
2010	449
2011	449
2011 - 2016	581
	\$ 3,637

Total rental expense in 2006 and 2005 for all operating leases was approximately \$2,606,000 and \$2,621,000, respectively.

Note 11 – Restricted Net Assets

Restricted net assets consist of donor-restricted contributions and grants and cash restricted for regulatory requirements, which are to be used as follow (in thousands):

	2006	2005
Equipment and expansion	\$ 3,304	\$ 21
Charity and other	1,210	1,409
Endowments	1,609	1,728
Restricted by donor for specific uses	6,123	3,158
Restricted by Department of Managed Health Care	50	50
Total restricted net assets	\$ 6,173	\$ 3,208

Permanently restricted contributions (endowments) remain intact, with the earnings on such funds providing an ongoing source of revenue to be used primarily for education.

The Foundation is the beneficiary of gifts through testamentary and other trusts in which the gift assets are held by the trustees and administered for the benefit of the Foundation and Hospital. Pooled income trust assets are donated to the Foundation under life annuity agreements. The donors maintain the right to income earned on the assets during their lifetime and, in some cases, during the lifetime of their survivors.

Although these gifts are irrevocable, applicable GASB pronouncements permit financial statement recognition only upon satisfaction of all eligibility requirements. Since the Foundation is not eligible to receive the assets held in the trusts until maturity of the trusts (generally the donor's death), long-term receivables from charitable remainder trusts and pooled income funds are not recognized in the financial statements.

The total of these contributions, measured at the fair value of assets to be received, discounted to their estimated net present value, is \$1,301,000 and \$971,000, respectively, at June 30, 2006 and 2005. The applicable federal discount rate for June 2006 and 2005 of 5.5% per annum and the Standard Ordinary Mortality Rate Table were used to arrive at the present value.

Note 12 – Related Party Transactions

In 2002 and 2004, the Hospital's board of directors approved housing loans to two executives.

Regulatory Environment – The health care industry is subject to numerous laws and regulations of federal, state, and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government health care program participation requirements, reimbursement for patient services, and Medicare and Medi-Cal fraud and abuse. Recently, government activity has increased with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by health care providers. The District is subject to routine surveys and reviews by federal, state and local regulatory authorities. The District has also received inquiries from health care regulatory authorities regarding its compliance with laws and regulations. Although the District management is not aware of any violations of laws and regulations, it has received corrective action requests as a result of completed and on going surveys from applicable regulatory authorities. Management continually works in a timely manner to implement operational changes and procedures to address all corrective action requests from regulatory authorities. Breaches of these laws and regulations and non-compliance with survey corrective action requests could result in expulsion from government health care programs together with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed. Compliance with such laws and regulations can be subject to future government review and interpretation, as well as regulatory actions unknown or unasserted at this time.

Hospital Seismic Safety Act – In 1994, the California legislature enacted Senate Bill 1953, which requires that California hospitals evaluate and upgrade acute care facilities to meet the requirements of the Hospital Seismic Safety Act beginning in 2008, depending upon the hospital's structural performance category classification. As amended by subsequent legislation, the statute allows hospitals to apply for extensions beyond the 2008 deadline under certain circumstances. El Camino Hospital is in the process of completing a request for extension until January 2013 to ensure compliance with the regulations. The Hospital developed a Facilities Master Plan (the "Plan"), which determined the location of the replacement building to be constructed over the next several years. On April 5, 2006 the Hospital Board of Directors approved Resolution 2006-5 approving a "Hospital Project" in the amount of \$480,000,000 for five (5) construction phases and the related furniture, fixtures, and equipment, soft costs and contingencies that are required to successfully complete the Hospital Project (including all previously approved expenditures for the Hospital Project). On June 8, the ground breaking occurred for start of this Hospital Project. The North Addition that is connected to the original building, constructed in 1973, requires substantial interior renovations, but will continue to be utilized a part of the Plan. The Orchard and Willow Pavilions are compliant with State of California Seismic requirements and will remain in service.

**EL CAMINO HOSPITAL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2006 AND 2005**

The Plan called for the "old" Oak Pavilion that houses the Dialysis Center on the first floor and administrative offices on the second floor to be demolished as it is in the footprint of the new Hospital Project. The Hospital Board approved in February 2005 as separate project of \$10.2 million to replace this structure with a "new" Oak Pavilion on the southwest corner of the Hospital campus. This new structure was completed in March 2006 and the old structure was vacated.

The "old" Oak Pavilion was put on accelerated depreciation schedules to be fully depreciated during 2006. The Main Tower of the Hospital is on an accelerated depreciation schedules to be fully depreciated by June 2010, the expected date of its complete vacancy and demolition.

The District plans to finance the Plan using proceeds from a combination of: (1) General Obligation bonds, totaling \$148 million, to be issued by the County of Santa Clara as approved by the November 4, 2003 Measure D; (2) revenue bonds to be issued by the Hospital; (3) cash reserves, and (4) donations.

As of June 30, 2006, no General Obligation bonds have been issued; but the lawsuit filed by a non-resident property owner challenging the 2003 bond measure was resolved and dismissed in court, and the District expects to issue the General Obligation bonds in early fall of 2006.

The first series of Revenue Bonds for approximately \$120 million are expected to be issued by the Hospital late in the calendar year of 2006; the second series totaling \$130 million expected to be issued in early 2008.

Free Special Report
Reveals How To Sell Your
Home Fast
And For Top Dollar!

Making the wrong decisions when selling your
home can easily cost you many thousands of
dollars. Most sellers don't even know they've
made mistakes . until they discover later just
how much it has cost them. *Do not let this
happen to you!*

Selling fast and for top dollar comes from
having the proper knowledge, information, and
proven strategies. To get your own **FREE**
copy of this informative report at no cost or
obligation, simply call **24 hours**
(408) 884-SAVE for a free copy. Don't delay,
it is your hard earned money on the line!
